PROFILE SUMMARY:

Highly Skilled full stack web developer with four years of professional experience in designing, developing, and maintaining dynamic web applications. Proficient in both front-end and back-end technologies. Seeking to leverage my skills in creating seamless user experiences and scalable, efficient solutions while continuously growing in a collaborative and challenging environment.

SKILLS:

Scripting Languages: PHP, Javascript, React JS, Node JS, Express JS

Technologies: HTML, CSS, Bootstrap, Tailwind CSS, JQuery, AJAX, Git, RESTful API

Database: PostgreSQL, MongoDB

Web Server: Apache MS4W, Xampp

IDE's: Adobe Dreamweaver CS6, VS Code

WORKING EXPERIENCE:

Intern: Nanlogical consultancy services pvt ltd, Chennai

Jan 2025 – Mar 2025

- Developed an admin panel for Human Resource Management System using React JS.
- Integrated API services for CRUD operations.
- Enhanced security by adding JWT authentication & role-based access control (RBAC).
- Improved performance through, lazy loading, and code optimization.

Organization: National Informatics Centre, Besant Nagar, Chennai

Client : Bharathidasan University, Tiruchirappalli.

Developers (2 to less than 4 yrs Rel Exp): Velocis Systems Pvt. Ltd, Jan 2021 - Jun 2022

- Designed, developed, and maintained PostgreSQL database
- Created and dropped schemas and users in PostgreSQL
- Performed DBA tasks i.e., backup and restore, table creation, user creation, grant privilege
- Implemented the use of indexes, primary and foreign keys as required
- Designed & Maintained software with proper validation to deliver secure application

Developers: Silver Touch Technologies,

Apr 2019 - Dec 2020

- Developed and maintain web application using PHP, ensure security user access
- Developed, designed, and maintain dynamic web application with backend functionality using PostgreSQL
- Developed responsive webpages using Bootstrap and media Queries, optimizing performance across all browser

Developer Tier - II: Velocis Systems Pvt. Ltd,

Jul 2018 - Mar 2019

- Build and developed dynamic responsive web application using HTML, CSS, Bootstrap with proper client and server-side validation using JavaScript & PHP
- Improved application performance and optimized Queries for better database management

PROJECT:

HRMS Admin Dashboard – React JS | Node JS | Express JS | Mongo DB

- Application needs to be developed for human resource management.
- Built an interactive admin panel using React for managing users.
- Implemented JWT based authentication for secure access control.
- Integrated REST API for real-time data fetching and state management using Fetch & Axios
- Designed responsive UI using Material UI and implemented dynamic table with AG grid
- Optimized performance with lazy loading and code splitting.

Responsive Webpages – HTML | CSS | JavaScript | Bootstrap

- Designed and developed a fully responsive webpages using **HTML, CSS, JavaScript, and Bootstrap**.
- Ensured cross-device compatibility with **mobile-first design** principles.
- Implemented interactive elements using **JavaScript** and **CSS animations**.
- Enhanced user experience with fade-in, zoom, and slide effects using AOS.
- Hosted the project on **GitHub / Netlify** ([Responsive Webpages](#)).

Examination Monitoring System - PostgreSQL | PHP | JavaScript | JQuery | Ajax

- Application needs to be developed for examination monitoring process.
- Creating Student, Faculty & Institution Profile then generating unique code for both student and faculty.
- Student Internal Mark entry and Attendance entry creation and monitoring
- Hall ticket generation and result publication
- Hosted the project on BDU server ([COE-BDU](#))

Central Government Health Scheme (CGHS) - PostgreSQL | PHP | JavaScript | JQuery

- Application needs to be developed for patient details monitoring.
- Capturing Beneficiary profile details, health monitoring details and treatment details.
- Generating Corresponding Patient Reports Using mPDF which is helpful for doctor

CERTIFICATION:

PostgreSQL Database Administration on Windows / Linux - Part 1

([Certificate](#))

Credential Id: UC-42a42174-ccfe-41ca-9444-a25bf8688569, Sep 2024, **Udemy**

QUALIFICATION:

Master of Engineering | Multimedia Technology | (2016 - 2018) – With 83% in
College of Engineering, Guindy, Anna University, Chennai
